DEVELOPMENT

WILL BUILD NEW LINE TO EL PASO

Telephone Official Visits Bissbee and Says Additional Long Distance for Connection Needed.

Bissbee, Ariz., July 25.—The Mountain States Telephone and Telegraph company, to meet an increasing demand for long distance service to the east, plans to build a second wire between Bissbee and El Paso, which will serve all southern Arizona points. The telephone connection with El Paso was connected up about two years ago and the business done over it since has more than proved its necessity. Work on the second line to El Paso will be started soon, it is said.

The telephone service now provided Arizona reaches Los Angeles to the west and Albuquerque to the east. One may talk to Denver from El Paso, or from here by relaying at El Paso. The company is now doing some construction work at Yuma and Phoenix and there is also much work to be done between Globe and the Clifton-Morenci district before that section can be brought properly on the long distance circuit.

These were statements made by H. E. Story, publicity manager of the telephone company, who was in Bissbee, Ariz., but visits Arizona two and three times a year.

"I find an unusually prosperous condition wherever I have recently been in the southwest," said Mr. Story to a Review representative, "and from what I can learn Arizona is making strides in the development of its varied and excellent resources."

"Oh, no, we are not having any trouble with our dealings with the state corporation commission. When that commission was ready for business our operating department submitted the conditions under which our business is conducted for examination and so far as I have heard there has been no serious disagreements and the Mountain States and these having authority to direct its action are in accord, both in Arizona and in other states."

MIAMI BUILDING CONTINUES ACTIVE

Miami, Ariz., July 25.—Louis Pallia has let the contract for a concrete store building, to be erected on lot 40, block 17, adjoining his building.

Contractor G. M. Simpson has been awarded the contract to repair the Gem theater building, on Sullivan street, owned by Frank Hubbard. This building was recently partly destroyed by fire.

Mayor John H. Fitzpatrick has placed a marble front on the Mission building and altered the interior.

The Miami Drug company will move into its new quarters, on the corner of Sullivan street and Keystone avenue, on August 1.

C. J. Pollard has completed the erection of a new four-room dwelling on his lot on Hill street, in lower Miami.

The new concrete Baptist church, in lower Miami, is completed, and services will be held for the first time on next Sunday.

Haagstrom & Cutler were awarded the contract to erect two school buildings in Miami, their bid being \$1765. There were seven bids to be passed on by the school board, the highest being one of \$10,000. One building will be erected on the intersection addition and one at Live Oak. Several new teachers will have to be engaged. There are now seven teachers.

Debs's Action In Taking Outcast Into His Home a Challenge to Christianity

HELEN COX

New York, July 25.—There is a wide-spread comment among the clergy and reformers of New York regarding the statement of Eugene V. Debs, the Socialist party leader in which he declares that he has issued a challenge to Christianity by his action in taking into his home Helen Cox, the daughter of a Methodist preacher, who had eloped with the member of a prominent family, who divorced her and took their child. She was arrested for immorality. Debs met her on a visit to the jail, and, as an emergency probation officer, took her to his home. He declares that friends visiting him and his wife must meet and treat Miss Cox as though she were one of the family.

MAN ACTS QUEERLY; LOCKED IN CABOOSE

Sierra Blanca, Texas, July 25.—G. H. extra west conductor King, on arrival at this station, reported that the man in charge of a car of emigrants' outfit in his train appeared to be deranged in mind. Mr. King stated that the man was apparently in his right mind until they reached Hot Wells, and that as the train left that station the man began talking out of his mind and tried to jump off, whereupon he and his two brakemen experienced considerable difficulty in keeping him aboard, having to lock his caboose doors and hold the man by main strength. The man gave his name as Tom Speers, and said his home was at Brackettville, Texas. He is about 55 years of age. His car was way billed from Spofford, Texas, to El Paso.

The man was taken in charge here by the local authorities and sent to El Paso, accompanied by deputy sheriff R. N. Love and Will Leggett.

GETS ARRESTED IN MAKING AN ARREST

Fine of \$25 Follows Incident in Which Unrequited Love is Said to Have Figured.

S. Shank, a cattle inspector of the Cattle Raisers' association of Texas, arrested a deputy sheriff, was fined \$25 on a charge of disturbing the peace by Judge Ballard Coldwell of the corporation court Thursday afternoon.

It was a story of unrequited love, according to the testimony of Maria Cineceros, the girl who figured in the case that gave rise to the incident which caused the arrest of the inspector.

Wednesday night by Jesse C. Stansel, chief of the city detective department. According to the defendant he was just about to arrest Donato Cineceros, an aunt of the girl, who he charged with spitting in his face three times when Stansel arrived on the scene and arrested him.

"She spit in my face three times," said the defendant. "Before I did anything. The first time she did it, I caught her by the arm. The second time she did it I reached in my pocket for my commission as deputy sheriff. Then for the third time she spit in my face again. I told her when she first spit, that if she did not quit I would take her down and throw her in jail."

Stansel testified that Shank grabbed the woman, was jerking her about the streets and cursing. The detective said that he had been asked to be on the lookout for Shank.

The Girl Testified at the Hearing.

"I am afraid of him," she said. "He told me I had better stay in Juarez. If I can't change my mind and marry him he said that he would kill me. I am trying to get rid of him. I am anxious to get rid of him."

J. M. Riddle, manager of the Southwestern stock yards, testified as to the good character of the defendant. After sentence of the court, the defendant gave notice of appeal to the county court.
